The Engineer does not guarantee that all existing facilities such as pipe lines, electrical lines, conduits, telephone cables, service connections, or other facilities are shown on the Plans. It shall be the Contractor's responsibility to have all utilities located by their respective owners, field mark the utility locations, and protect all such existing facilities prior to beginning construction. The Contractor is fully responsible for notifying all utility owners in accordance with the General Statute - Chapter 87, Article 5, The Underground Damage Prevention Act.
