Notice to the Town of Morrisville
 The Town of Morrisville is notified that the undersigned, representing, operating, maintaining, managing, and directing the Town of Morrisville's water and sanitary sewer systems, hereby certifies that the Town of Morrisville and Town of Cary have entered into a mutual agreement to share the costs of the water and sanitary sewer system design and construction with the Town of Cary, based on the following conditions:

Engineer/Inspector Disclaimer
 The presence of the Town of Morrisville or Town of Cary Engineer or Inspector at the work site shall in no way lessen the Owner's responsibility for conformity with the plans and specifications. Should the Engineer or Inspector prior to starting or after starting the work to identify or report any deficiencies or work that does not conform with the plans and specifications, whether from lack of discovery or for any other reason, it shall in no way prevent later detection and correction of the deficiencies. This is also true if the work has been accepted and is currently being examined by the Town of Morrisville or Town of Cary. The Owner shall be responsible for the correction of all work that does not conform to the plans and specifications.

Construction Requirements
 All public and private work including but not limited to watermain, water services, sanitary sewers, sanitary sewer services, storm sewers, drainage systems, roads, sidewalks, parking lots, the grading and landscaping shall be constructed in accordance with the Town of Morrisville and Town of Cary Ordinances, Standards, Specifications, and Details that are applicable. No deviations from the Owner/Developer's submitted plans will be allowed unless written approval from the Town of Morrisville is received, along with permission from the Town of Cary for the water and sanitary sewer deviations. All Public and Private Easements shall be recorded prior to final acceptance by the Town.
