- General Notes:**
- No changes to any aspect of this site plan, including but not limited to, landscaping, grading, building, elevations (especially colors), lighting, or utilities will be made without the approval of the Development Review Group of the Department of Planning and Development.
 - The site shall be stabilized and seeded prior to the issuance of a certificate of occupancy.
 - All HVAC systems will be screened from off-site views.
 - All fumable and combustible recycling locations will be screened from off-site views.
 - Where existing vegetation fails to function adequately as required, (i.e. buffer type A, B, C, and 100' Thoroughfare Corridor) within the Cary Sub Inspector reserves the right to require supplemental plantings in addition to those shown on the planting plan based on actual field conditions.
 - All exterior site lighting will be designed to prevent off-site glare.
 - The size of the planting area and size of plant material at maturity shall allow for a 2' 6" canopy overhanging from the back of curb.
 - No tree shall be located within a roadway right-of-way or within 5' of a sidewalk.
 - All tree protection fencing shall be maintained until all site work is completed.
 - The fencing shall be removed prior to the final site inspection for the certificate of occupancy (COC).
 - All above ground utility equipment and facilities associated with on-site electric, cable, telephone, gas or other similar utility shall be located in the side of rear yard area of the site and screened, to the extent possible, with evergreen plantings. Planting shall allow for a minimum of a 6' clearance around the structure to allow for access. Additionally, any side of the structure having a door or lock, the plantings shall allow for a 10' clearance. The amount of the clearance shall account for the size of the plant material at maturity.
 - All behavioral use areas (drives and parking areas) shall be screened from off-site views.
 - An unadorned driveway must be closed in accordance with the Town of Cary's driveway ordinance.
 - All vent pipes, etc. extending above the roof surface must be painted a color that blends with the roof color.
